

HIV antiretroviral (ARV) medicine list – 2021

Who we are

BMW Employees Medical Aid Society (referred to as 'BEMAS'), registration number 1526, is a non-profit organisation, registered with the Council for Medical Schemes. Discovery Health (Pty) Ltd (referred to as 'the administrator') is a separate company and an authorised financial services provider (registration number 1997/013480/07). We take care of the administration of your membership for BEMAS.

HIV Care Programme 2021

Disclaimer

The information contained in this document is subject to change.

The HIV Care Programme is governed by BEMAS and administered by Discovery Health (Pty) Ltd. The utilisation of the benefits and programmes associated with the HIV Care Programme are subject to specific conditions and rules. Members must ensure that they are familiar with these rules and conditions.

Any instructions or advice on medicine and the management of the member's condition are intended as a supplement to, and not a substitute for, the knowledge, expertise, skill and judgement of the member's doctor, pharmacist or other healthcare professional.

BEMAS reserves the right to change how we cover treatment on the programme at any time.

About some of the terms we use in this document

There may be some terms we refer to in the document that you may not be familiar with. Here are the meanings of these terms.

| TERMINOLOGY | DESCRIPTION |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Benefit year | A benefit year refers to the benefits a member is entitled to during a calendar year, that is to say 1 January to 31 December. This medicine list and Chronic Drug Amounts are applicable for this benefit year only. |
| Chronic Drug Amount (CDA) | BEMAS pays up to a monthly amount for a medicine class. This applies to medicine that is not listed on the medicine list. |
| Medicine class | This describes medicines that have similar chemical structures or similar therapeutic effects. |
| Active ingredient | This is the main substance in a medicine that is responsible for the clinical action on a human body. |
| NAPPI code | This is a unique identifier for a given medicine, surgical or consumable product. |

HIV antiretroviral (ARV) medicine list

| NAPPI_6 | Product name | Strength | Form | Medicine class | 2021 CDA |
